Report on Energy Swaraj-Energy for Locals by Locals

Date: 25th Jan 2021

No of participants: 80-85

As an initiative for awareness of energy saving, Vidyabharti Trust Institutions had organized a lecture on EnergySwaraj-Energy for Local by Locals in association with Energy Swaraj Foundation. This lecture was delivered by Dr Chetan Solanki, who is a Professor, Department of Energy Science and Engineering in IIT Bombay. Sir has taken a pledge that he will visit the Schools, Colleges and Institutions to spread awareness and educate the youths to utilize the Solar Energy and reduce Energy Wastage. It was a very effective Interactive session where Sir had explained the importance of Energy Saving, its implications on Saving Planet Earth. He gave several illustrations and solutions where in we can curb our bad habits to save power for next generation. At the end, the audience pledged to save electricity, food and other resources.

After the lecture, all the audience had visited the bus which was completely designed on solar power utilization and equipped with Solar Panels, Toilet was designed in such a way that the drain was converted into Biowastes and fertilizers.

It was immensely fruitful session for all of us.
