Topic: “PCOS: Implications on Female Fertility, Management and Prevention”.

Resource Person – Dr. Kairavi Yagnik, MD OBGYN, Gynaecologist at Texas Multispeciality Hospital, Umrakh, Bardoli

No. of Participants: 90+ Girl Students

Summary of Session:

IIC and IQAC of Shree Naranjibhai Lalbhai Patel College of Pharmacy, Vidyabharti Trust, Umrakh Organize an online webinar on - “PCOS: Implications on Female Fertility, Management and Prevention”. The seminar began at 3 pm with a welcome speech by Mrs. Sonal Solanki, Assistant Professor, SNLPCP, Umrakh. She welcomed the speaker of the event Dr. Kairavi Yagnik, MD OBGYN, Gynaecologist at Texas Multispeciality Hospital, Umrakh, Bardoli and Dr. Ketan. Shah – Principal of SNLPCP.

The Upright Gynaecologist Dr. Kairavi Yagnik had explained the basic fundamentals of Polycystic Ovarian Syndrome (PCOS). She also threw a light on the disease, symptoms caused due to non-pertinence of an active lifestyle and regular exercise among the girls and women. The main point highlighted was that PCOS is completely curable if women and girls reduce 10% of their current weight. The discussion was followed by numerous questions asked by the girl students. Since, this session was arranged exclusively for “Girl students only”, girls got their questions resolved in a comfortable manner. The question round lasted for about 45 minutes.

To conclude the session, Mrs. Sonal Solanki, on behalf of SNLPCP expressed her gratitude and appreciation to Dr. Kairavi Yagnik for her valuable time.

SNLPCP is thankful to Dr. Kairavi Yagnik – Speaker, Faculties and Participants.
