Report on Workshop: Harnessing the Power of Generative AI using ChatGPT

Event Date: 22nd June 2023

Brief Description of the Event:

Shree Naranjibhai Lalbhai Patel College of Pharmacy, UmraKh successfully organized a workshop on "Harnessing the Power of Generative AI using ChatGPT" on 22nd June 2023. The workshop aimed to provide participants with valuable insights into the field of generative AI and its applications, specifically focusing on the utilization of ChatGPT technology.

Attendance:

The workshop witnessed an enthusiastic response, with a total of 198 students and 5 faculties participating. The diverse range of attendees showcased the interest and relevance of the topic among the academic community.

Program Coordinators and Convenor:

The workshop was coordinated by Dr. Jasmina Surati and Mr. Bhumin Pathak, who meticulously planned and executed the event, ensuring a seamless experience for all participants. Under the able guidance of the program convenor, Dr. Ketan Shah, the coordinators ensured that the workshop's objectives were effectively met.

Workshop Content and Delivery:

The workshop commenced with an informative introduction to the field of generative AI, providing participants with a solid foundation of knowledge. Various aspects of ChatGPT technology, including its architecture, capabilities, and applications, were explored in detail through engaging presentations, live demonstrations, and hands-on activities.

Interactive Sessions and Discussions:

The workshop encouraged active participation and engagement from the attendees. Interactive sessions and discussions fostered a collaborative learning environment, allowing participants to exchange ideas, ask questions, and share their insights on the topic. The program coordinators skillfully addressed queries and provided valuable guidance, ensuring a comprehensive understanding of the subject matter.

Practical Demonstrations and Exercises:

To enhance the learning experience, practical demonstrations and exercises were conducted, allowing participants to directly interact with ChatGPT and explore its functionalities. This hands-on approach enabled attendees to gain practical skills and confidence in utilizing generative AI technology.

Networking and Collaboration:

The workshop provided a platform for networking and collaboration among participants, facilitating the exchange of knowledge and fostering professional connections. Attendees had the opportunity to interact with like-minded individuals and experts in the field, opening avenues for future collaborations and growth. The Workshop on Harnessing the Power of Generative AI using ChatGPT proved to be a resounding success, offering an immersive learning experience to all participants. It equipped them with valuable insights into the applications and potential of generative AI, specifically in the context of ChatGPT technology. The program coordinators' expertise and the guidance of the program convenor ensured a well-structured and informative workshop.

We extend our appreciation to all the attendees, coordinators, and program convenor for their active involvement and contributions. The workshop's success would not have been possible without their enthusiastic participation and commitment to enhancing their knowledge in this cutting-edge field. We look forward to organizing more such workshops in the future, fostering continuous learning and exploration of emerging technologies.
