

SHREE NARANJIBHAI LALBHAI PATEL COLLEGE OF PHARMACY, UMRAXH
Webinar

Date: Sunday, 19 July, 2020.

Topic: “**COVID 19 - Latest Local and Global updates with Authentic DO'S AND DON'TS IN DETAIL FOR EVERYONE.**”

Resource Person: DR. AMRUT R. PATEL.
General Surgeon & Medical Superintendent, Bardoli Satyagrah Hospital & SDH BARDOLI.

NO. of Participants : 614

Summary of Session:

With a growing concern about the impact of COVID19 on human beings, IIIC and IQAC of Shree Naranjibhai Lalbhai Patel College of Pharmacy, Vidyabharti Trust, UmraKh organised a National Level webinar on - **COVID 19 - Latest Local and Global updates with Authentic DO'S AND DON'TS IN DETAIL FOR EVERYONE.**” The event started at 11:00 AM with a welcome speech by Asst. Prof. Mrs. Pooja Chaudhari, Department of Pharmaceutics. She welcomed the speaker of the event Dr. Amrut R. Patel-General Surgeon & Medical Superintendent, Bardoli Satyagrah Hospital & SDH BARDOLI, Dr. Dhiren P. Shah – Principal of SNLPCP, Faculties and participants of the event.

The Honorable speaker Dr. Amrut R. Patel has started his lecture by showing a very thoughtful video of social distancing during covid -19 situation. Sir explained how one can protect himself from covid-19. In his talk, he discussed about basics of covid 19, outlines of diagnosis and treatment, Government strategy to fight against Covid-19 and how to deal with it. He made aware about role of Ayurveda-Homeopathy and life style changes. Also sir spread the awareness about role of individual and community in prevention and control of this pandemic. This session gave participant the opportunity to learn something new and explored their knowledge about covid-19. The presentation was very wonderful, eye catchy and faithful thought provoking.

At the end of session various queries were put forward by the participants. Dr. Amrut Patel quenched the thirst of participants about Covid by answering all the questions. To formally conclude the session, Dr. Rumi Shah showed his gratitude and appreciation for Dr. Amrut Patel. SNLPCP is thankful to Dr. Amrut Patel - guest speaker and Bhavesh Patel - technical supporter to enlighten our paths in direction of knowledge even during the lockdown period. Nearly 614 participants attended the session. Feedback forms about the session were also collected from the participants.

Top 3 things to know about COVID-19

1. What is COVID-19?
COVID-19 is an infectious disease caused by a new, recently discovered novel Coronavirus. This new virus and the disease were unknown before the outbreak began in Wuhan, China, in December 2019. That is why it was called the Novel (new) Coronavirus. It was found in 2019.

2. How does it transmit?

01 Carrier: When a person suffering from the disease sneezes or coughs, a lot of droplets spread in the air or fall on the ground and nearby surfaces.

02 Aerosol-borne: If another person is nearby and inhales the droplets or touches these surfaces and then touches his face, eyes or mouth, he can get the infection.

03 Contact: The infected person can further infect many more people through social interactions.

3. What are the age groups in which the disease spreads?
- All age groups
- Generally mild in children.

3. What happens to a person who develops the disease?
80% Will require no treatment and shall recover on their own.
~20% May need hospitalisation.

4. What are the age groups in which the disease spreads?
- Older persons and persons with pre-existing medical conditions (such as high blood pressure, heart disease, lung disease, cancer or diabetes) are at a high risk to develop serious illness.
