

## **Report on Career Guidance, Training, Placement AY – 2019 -20**

### **Career Guidance**

Independently from controlling mentorship program, all understudies only gone through directing done by social occasion of resources of sixth semester and last semester. Through coordinating, present-day visits and diverse guest addresses, understudies examine different possible results and occupation commitments at industry, centers and Drug stores. Understudies are taken on pre-GPAT program in last year and coordinated whole year till evaluation for better conceivable outcomes in post-graduation.

### **Training and Placement**

Shree Naranjibhai Lalbhai Patel College of Pharmacy, UmraKh, works with the act of position of understudies dropping from the Institute other than teaming up with driving associations and foundations in setting up of job and preparing project of students.

The preparing of understudies plans each year toward the finish of program in relationship with Pharma industry and in clinics. Aside from outside recourses, consistently we are putting together in-grounds preparing and studio on push regions like instrumentation.

We have accomplished superb proportion of position since most recent three years. Normal over 76% understudies in most recent three years either positioned in industry or joined advanced education or advance as business person.

The placement activities are governed at university level through placement fair and college level as on/off campus interview.
